 Sermon Series 2008

JULY 08			
6	Pneumatology (Work of H Spirit) "A Wind From God"	Genesis 1:1-2	This week we will be talking about the holy Spirit as the breath of life, as inspiration, as second wind, as an energy within us greater than ourselves, as convicting and empowering.
13	Trinity and Creation "The Second Creation Story"	Genesis 2:4-8	The first creation story is a sequential seven day narrative. The second story talks about our relationship with God. Again we see the wind or breath breathing into us; the Holy Spirit involved in creation of life.
20	Human Condition "What are we that God is mindful of us"	Psalm 8	The human condition is what we make of it. Our definition of our self creates our definition of salvation, Jesus, Church and God's own self.
27	Theodicy (Stories that help us understand God; Suffering & Evil) "Suffering"	Romans 8:14-19	A theodicy is a story explaining things that are hard for us to live through. Suffering, evil, injustice and death. If God is good and all-powerful why does death and evil exist?
