Like God, we can create. Like God, we can be in a relationship and love, and like God, we can take dominion over the world. These three theological concepts are the chapter headings for our understanding of how we are created in the image of God. I wonder how our lives would go if we really believed that?

I

What is creativity?

What are my creative attributes?

How does "creativity" fit into my understanding of God?

WE

How does God continue to "create" today?

Does God call us to partner with Him? How do we know?

If so, what are ways we can we "co-create" with Him?

How is it helpful to be in a faith community?

THEY

Reflect upon Bible stories where creativity played a part in solving an issue. How did the Biblical characters' creative spirits lead others to God?

What can we learn from them that will help us relate better to others?
